# SCARCITY OF YEARLINGS AT BREEDING ESTABLISHMENTS

Agents of Big Racing Stables Active in Bluegrass State Looking for Material at Private Sale-T. W. Moore Offered Fancy Sum for Inventor, Who Is Now Out of Training-Miss Dixie Is Unfortunate.

Special Correspondence of The Sunday Republic.

Lexington, Ky., May 16.—Later reports from various breeding establishments confirm the rumors of the very startling scarcity of yearlings this season and the agents of the big racing stables are very active in the Blue Grass just now locking for suitable material to pick up at private sale. T. H. Stevens of Walmat Hill Stud has every yearling on the place in training and will try his hand at developing them before they are sold. None will be offered at public avetton. Information has just reached this city that Frank B. Harper of the famous Nantura Stud has decided to have no public sale of yearlings from Nantura this spring but will dispose of his line crop at private sale. Breeders who will sell at public auction are anticipating higher prices than ever before.

It has just leaked out that T. W. Moora, owner of the crack 2-year-old colt, Inventor, was offered 312,000 for the son of implingoidsby after in had finished second to Allan-a-Dale in the Kentucky Derby. The tender came from an Eastern turfman through John Hanning of New York Moore declined the offer on account of the colt's engagements in the Latonia and American deribles and now Inventor is out of training and will not be able to race again before late in the summer or during the autumn. The illness however, is reported as trifling and will not be able to race again before late in the summer or during the autumn. It has just leaked out that T. W. Moore, owner of the crack 3-year-old colt, Inventor, was offered \$12,000 for the son of imp. Ingoldsby after he had finished second to Allan-a-Dale in the Kentucky Derby. The tender came from an Eastern turfman through John Hanning of New York Moore declined the offer on account of the colt's engagements in the Latonia and American derbies and now inventor is out of training and will not be able to race again before late in the summer or during the autumn. The lliness, however, is reported as trifling and although it will probably preclude any idea of starting the colt in his rich engagements, Mr. Moore is satisfied that Inventor will show himself to be the king of 3-year-olds in the West before the season etds. In this opinion John Rodegap, who has handled the colt since a yearling, heartily concurs. Inventor's dam, imp. Duchess Caroline, is now owned by J. P. and F. P. Keene and one of the finest sucklings at Casileton Stud by Kingston, is out of her. The Meesers. Keene also own the dam of imp. Ingoldsby, the size of Inventor.

## FEDERAL IN SENSATIONAL TIME. Beat Moneymuss a Neck With a Ton Up.

Ten Up.

Chicago, May 17.—Federal's performance in the third race, which he won from Moneymuss by a neck in a sensational burst of speed, was the feature of to-day's sport at Worth. Although the track was not in condition for speed display, Federal, with 122 pounds up, ran the five furlongs in 1912-b, and indished so strongly that many who saw the tace believed a new track record would have been made had the track been at its best. Weather clear; track good.

REPUBLIC SPECIAL.

Annapolis, Md. May 17.—The Georgetown University eight won the first 'varsity boat race in the history of the institution this evening. It moved a siep forward among the rowing colleges of the country when its crew came in a good length ahead of the naval cadet eight in a two-mile race on the Severn. Georgetown rowed a splendld race, and the time of 19:14 was good under conditions that prevailed.

Annapolis pulled its usual plucky race. The high wind made it absolutely out of the question to row in the lower or Annapolis harbor course, so the upper course was chosen.
